## Data Engineer

✉ MarwaMahmoud5861@gmail.com ☎ (+20) 1279887998  [Marwa Mahmoud](#)  [marwa-mahmoudx](#) 📍 Alexandria, EG (WtoR)

Motivated Data Engineer with hands-on experience gained through interning at Information Technology Institute (ITI), developing core Data Engineering skills, including Data Warehouse, SQL, Python, MongoDB, Airflow, Kafka & Spark. Equipped with a strong foundation in Agile practices and a team-oriented mindset, contributing to delivering high-quality data-driven solutions. Eager to leverage technical expertise and passion for data into meaningful projects at a progressive organization.

## Internships & Trainings

- **ITI Intensive Code Camp** May 2024 - Present  
Data Engineering Track | Information Technology Institute, Menoufia Branch
  - Glimpse at some of the Courses indulged: SQL, Python, Data Exploration & Manipulation, Data Warehouse, ETL (SSIS, Talend), Apache Airflow, Hadoop, Spark, Kafka, CI/CD Jenkins, and Cloud Computation.
  - Selected Projects:
    - 🔧 Realtime Voting System: PySpark, Kafka, PostgreSQL, Docker, Streamlit
    - 🔧 Union Bank ETL [OLTP to OLAP]: SSMS, SSIS, SSAS, PowerBI
    - 🔧 Global Terrorism Data Analysis [Cleaning & Visualization]: Python(Pandas, Dask, Matplotlib, Seaborn, Plotly), PowerBI
- **Summer Training** August 2022 – September 2022  
BI & AI | Andalusia Group
  - BI (Business Intelligence): SQL / SSIS / SSAS / Power BI
  - AI (Artificial Intelligence): ML / DL

## Work Experience

- **Teaching Assistant** July 2023 - February 2024  
Faculty of Computer & Data Science | Alexandria University
  - Coursework: Linear Algebra, Introduction to Cybersecurity, and Introduction to Computer Systems.

## Certificates

- **AWS** Academy Cloud Foundations
- **MongoDB** for SQL Professionals
- **Databricks** Lakehouse Fundamentals

## Education

- **Bachelor of Computer & Data Science** September 2019 - June 2023  
Faculty of Computer & Data Science | Alexandria University
  - GPA: 3.85 with Honors
  - Graduation Project: Artificial Dermatologist – Melanoma Skin Cancer Detection Mobile App.
- **High School** June 2019  
Alexandria Language School (ALS)

## Technical Skills

- **Database:** SQL, MongoDB
- **ETL Tools:** SSIS, Talend
- **Programming & Scripting:** Python, Shell Scripting, Git(vcs)
- **Pipeline Orchestration:** Apache Airflow
- **Big Data Technologies:** HDFS, MapReduce
- **Integration Tools:** Apache Kafka
- **Processing Frameworks:** Apache Spark, Hadoop
- **Cloud Platforms:** AWS (IAM, S3, EC2, VPC, Lambda)
- **CI/CD Tools:** Jenkins, Docker, GitHub (Actions)
- **Data Visualization:** SSAS, Power BI

## Language Skills

- **English:** Fluent
- **Arabic:** Mother Tongue
