

Raghad Mahmoud

Data Engineer | ETL Engineer | Power BI Developer

+20-1155059834 • +20-1050175593 • Giza, Egypt (Willing to relocate)

Raghadmahmoud096@gmail.com • www.linkedin.com/in/raghad-mahmoud • <https://github.com/rghdrms>

PROFILE

Inspired Data Engineer with hands-on experience gained through professional training (ITI, DEPI, ALX) in Data Engineering, Big Data, Data Warehouses (DWH), and Business Intelligence (BI). Proficient in Python, SQL, and tools like Apache Spark. Developed a strong foundation in designing and implementing efficient data pipelines and performing complex data analysis.

INTERNSHIPS

Power BI Engineer

Apr 2024 - Now

Digital Egypt Pioneers (DEPI) | Alexandria Branch

Marketing Performance Dashboard (Graduation Project):

- **Developed** an interactive dashboard to analyze marketing campaign performance using Power BI, evaluated key metrics such as impressions, clicks, and ROI, created custom visualizations for trends analysis.
- Technologies: **Python (Pandas), Power Query, Power BI.**

Data Engineer

May 2024 – Sep 2024

Information Technology Institute (ITI) | Menoufia Branch

IBRD ETL Pipeline (Graduation Project):

- **Developed** a robust **ETL** pipeline for the International Bank for Reconstruction and Development (IBRD), focusing on **automating** data extraction, transformation, and loading processes to ensure efficient data management and reporting.
- Technologies: **Spark, MS SQL Server, SSIS, Airflow, Power BI**

Data Analyst

May 2023 - Dec 2023

African Leadership Xcelerator (alx_africa) | Giza, Egypt

- Analyzed data in **Google Sheets**, collaborated on **SQL** projects, and created **Power BI** dashboards.
- Developed critical thinking, communication, teamwork skills through group project.

EDUCATION

Faculty of Science, Alexandria University | Bachelor of Chemistry

2018 - 2022

TECHNICAL SKILLS

Concepts: Data Engineering, Big Data, Data Warehouses (DWH), Data Modeling (Star, Snowflake, and Galaxy Schemas), Extract Transform Load (ETL), Extract Load Transform (ELT), Data Cleaning and Preparation, Data Analytics, Business Intelligence (BI), Data Visualization.

Programming Languages: Python (Pandas, Numpy, Matplotlib, Seaborn), SQL, Bash scripting.

Databases (DB): Microsoft SQL Server, MySQL.

NoSQL Databases: MongoDB.

ETL Tools: SQL Server Integration Services (SSIS), Talend.

Big Data Technologies: Apache Hadoop, Apache Spark, Kafka.

Data Visualization Tools: Power BI, Excel, Python (Matplotlib, Seaborn).

Cloud Computing: AWS.

Orchestration: Apache Airflow.

Containerization: Docker.

CI/CD Tools: Jenkins.

PROJECTS

Gravity Books Data Warehouse & ETL Project (ITI):

- Designed and implemented an **ETL** solution to build a comprehensive **data warehouse** (Dimensional Modeling) for an online bookstore.
- Technologies: **MS SQL Server, SSIS, SSAS, Power BI**

Global Terrorism Dataset Analysis (ITI):

- **Analyzed** the Global Terrorism Dataset to identify trends in incidents, attack types, and affected regions, while performing data preprocessing and comparing the performance of **Pandas** and **Dask** for handling large datasets.
- Technologies: **Python** [Pandas, Numpy, Matplotlib, Seaborn, Dask], **Power BI.**

Web Scraping Project (ITI):

- Developed a web scraping solution using Python, Selenium, and **Xpath** to extract structured data from dynamic websites (Amazon & Box Office). **Processed** and saved the collected data into CSV files for further analysis and reporting.
- Technologies: **Python, Selenium, Xpath, CSV Files.**

HR Attrition Analysis (DEPI):

- **Designed** a comprehensive interactive dashboard for business data analysis using Power BI, **Analyzed** employee attrition rates, created interactive features, **Integrated** data from multiple sources, and **Cleaned** the data to ensure quality and accurate insights.
- Technologies: **Power BI, Power Query, Excel.**

CERTIFICATES

AWS Academy Cloud Foundations AWS Academy	Aug 2024
Associate Data Engineer in SQL Data Camp	May 2024
McKinsey Forward Program Mckinsey&Company	Apr 2024
Career Essentials in Data Analysis by Microsoft and LinkedIn LinkedIn Learning	Dec 2023
Google Data Analytics Certificate Professional Certificate	Dec 2022

ACHIEVEMENTS

SQL (Basic, Intermediate) Certificate HackerRank	Oct 2023
MS-SQL Server LinkedIn Assessment LinkedIn	Apr 2023
