

MARIAM MAHMOUD MAHMOUD

Data Engineer

+201283554668 | Moharram Bek, Alexandria | mariammahmod035@gmail.com
www.linkedin.com/in/mari-iam | <https://github.com/Mari-iam>

PROFILE

Data Engineer with hands-on experience gained through internship at the Information Technology Institute (ITI), where core data engineering skills in managing and processing data were developed. Experienced in using SQL, Python and tools like Apache Spark, Apache Airflow for building and managing data pipelines. Passionate about using data to create useful insights. Strong problem-solving abilities, a keen eye for detail, and a commitment to continuous learning.

INTERNSHIPS

Intensive Code Program

Information Technology Institute (ITI), Menoufia Branch

May 2024 – September 2024

EDUCATION

Bachelor's of Computer Science and Artificial Intelligence
Benha University

September 2019 - July 2023

CERTIFICATES

1. CISCO IOT Fundamentals: Big Data & Analytics [\[Certificate\]](#)
2. CISCO IOT Fundamentals: Connecting Things [\[Certificate\]](#)
3. AWS Cloud Fundamentals [\[Certificate\]](#)
4. Google BigQuery & PostgreSQL: Big Query for Data Analysis [\[Certificate\]](#)
5. Fundamentals of the Databricks Lackhouse Platform Accreditation [\[Certificate\]](#)

COURSES

- Generative AI (From Maharatech)
- Introduction in Big Data (From Coursera)
- SQL fundamentals (From DataCamp)
- Database Fundametals (From Maharatech)
- OOP fundamentals (from DataCamp)
- Informatica Tutorial Beginner to Expert Level (From Udemy)

SKILLS

Technical Skills:

- **Programming Languages:** Python, SQL
- **Data Technologies:** Apache Spark, Apache Kafka, SQL Server and MongoDB
- **ETL & Data Integration:** SSIS, Informatica Power Center, Talend and Airflow
- **Machine Learning & Analytics:** SSAS, MS Power BI, TensorFlow, PyTorch, Scikit-learn, Pandas and NumPy
- **Platforms:** Cloud, Docker and Jenkins

Soft Skills:

- Excellent communication and presentation skills.
- Strong problem-solving abilities.
- Proven experience working collaboratively in team environments to achieve common goals.
- Skilled in prioritizing tasks and managing time efficiently to meet deadlines.
- Quick to adjust to new situations, tools, and technologies in dynamic work environments.
- Committed to ongoing professional development and staying updated with industry trends.

PROJECTS

1. **Explore Egypt App Using Computer Vision** [\[github\]](#)
2. **Trending YouTube Videos Analysis** [\[github\]](#)
3. **Web Scrapping from multiple websites** [\[github\]](#)
4. **Comprehensive Exploration of Terrorism trends and patterns worldwide** [\[github\]](#)
5. **Global Population Analysis for various countries from 1800 to 2100** [\[github\]](#)
6. **Pizza Store Order Simulation using Kafka & Aiven cloud service** [\[github\]](#)
7. **Image Processing and Object Detection with Kafka and Flask** [\[github\]](#)
8. **Banking ETL Workflow with SSIS and Power BI** [\[github\]](#)
