

Mohamed Maher Sayed

Data Engineer

Cairo, Egypt | +201556440575 / +201147593775 | mohamedmahersayed0@gmail.com

<https://www.linkedin.com/in/mohamed-a-maher0/> | <https://github.com/MMaher-ZC>

CAREER OBJECTIVE

A dedicated Data Engineering professional with a solid foundation built through the ITI Intensive Coding Camp, transitioning from computational biology and data science. Demonstrates strong expertise in data preparation, cleaning, and ETL processes, with hands-on experience in building and managing data warehousing solutions in addition to Machine learning and statistical analysis.

CORE COMPETENCIES

- Data Analysis
- Database Management
- ETL (Extract, Transform, Load)
- Data Visualization
- Programming
- Big Data Technologies
- Data Integration
- Data Modeling
- Cloud Computing

PROFESSIONAL EXPERIENCE

Data Engineer

Kiwi - Lytics | Cairo, Egypt

Aug 2024 – Present

- Working with AWS tools such as Redshift, Lambda, RDS, S3, EC2, and EventBridge to develop cloud-based data solutions.
- Developing ETL pipelines for data ingestion, processing, and transformation, improving data availability and system performance.
- Working on a Data Science project to extract valuable insights from review data on business using Statistical analysis and NLP
- Visualized results and presented findings to improve operational decision-making for clients.

Bioinformatics Specialist

Proteinea | Cairo, Egypt

Aug 2020 – Oct 2021

- Work on the Codon Optimization project for protein development and production for different cell types and species, including Human and Insect cell lines.
- Data searching, processing, and preparation for Codon optimization using Deep learning
- Tools and tech used: Python, Bash command line, Data Processing, Data Analysis

EDUCATION

Data Engineer @ Data Engineering Track

Institute of Information Technology - ITI | Egypt

2024

- Python Programming Language for data processing and analysis
- Database, SQL and NoSQL using MongoDB
- Big Data concepts and framework using Spark and Kafka
- Datawarehouse and ETL
- Workflow Scheduling using Apache Airflow

Bs.c of Biomedical Science with concentration in Computational Biology and genomics

Zewail City, University of Science and Technology - UST | Egypt

2021

- **cGPA:** 3.57/4.0 with Honors
- **Graduation Thesis:** [Investigating Potential Drug Targets for SARS-CoV-2: A Network-Based Analysis Study](#)
- **Chosen Courses:** Calculus 1&2, Python Programming, Biostatistics, Genomics Data Science, Numerical Analysis, Discrete Mathematics, and Linear Algebra.

PROJECTS

[Building DWH and ETL for Gravity Books Project :](#)

- Developed an ETL project focused on building a data warehouse for online bookstores.
- Applied dimensional modeling and performance tuning to enhance reporting capabilities.
- Technologies: SQL, Python, SSIS, Microsoft SQL Server, and data visualization libraries.

[Building DWH and ETL Banking System :](#)

- Developed an ETL project for a bank's transactional and loan data for Bank System
- Designed to support business insights, and financial reporting through KPIs and data visualizations.
- Technologies: SQL, Python,

[Recipe Website Data Science Project:](#)

- Developed a Machine Learning Pipeline to analyze traffic patterns on a recipe website.
- Focused on extracting insights using analysis and ML to inform marketing and content strategies.
- The project supports business reporting through KPIs and visualizations of site traffic.
- Technologies: Python, Pandas, SciKit-Learn and data visualization libraries (Matplotlib, Seaborn).

TECHNICAL SKILLS

Big Data Development:, Apache Spark, Pyspark, Hadoop

Programming Language: Python, Shell Programming, SQL

Data Visualization: Power BI, Excel, Matplotlib, Seaborn

DBMS: Microsoft SQL Server, MySQL, Oracle Database, MariaDB

Enterprise ETL Tools: SSIS, Informatica Power Center, Airflow

Cloud Technologies: AWS

Concepts: Data Modeling, Data Warehousing, Statistical Data Analysis, Big Data, OLAP, OLTP, CI/CD

Personal Skills: Communication, Problem-Solving, Collaboration, Adaptability, Analytical Thinking, Time Management, Attention to Detail, Documentation, Presentation Skills

LICENSES, CERTIFICATIONS, and TRAINING

[AWS Cloud Fundamentals](#)

2024

[DataBricks Data lakehouse fundamentals](#)

2024

[Professional Data Scientist Certification From DataCamp](#)

2024

VOLUNTARY WORK

Media Volunteer at Resala | Beni Suef Branch | 2014 - 2020

Zewail City Parliament | Parliament Member | 2020 – 2021

Zewail City Student Judge Board | Board Member | 2019 - 2020
